MANSON
BOOSTER CLUB

Brief Overview

The 2024-25 school year marked MBC's first full year in operation under the guidance of an expanded board and, expanding on a solid financial base, it grew significantly through membership and the banner club program. All operating components were revised or established including, bylaws, banking, web-design, online membership, fundraising forms and coaches surveys. MBC kicked off it’s program in summer of 2024; meeting with Manson Schools administration and continued to build momentum by hosting information booths at the back to school fair and at one sporting event per season. This year we had booths at football, basketball and baseball home games. MBC co-hosted a fall pep rally with Chelan High School at Riverwalk Park. The board determined that this activity is not a great use of energy and resources and will not continue to participate in this collaboration. Instead, MBC will host a Manson High School pep rally in Fall 2025. MBC also gave its first significant gift, a new PA system for the school gym for use by athletic, academic and community programs such as graduation and Apple Blossom presentations.

In the 2025-26 school year, the booster club plans to give its second major school gift; a score keepers table. In order to provide more resources and support to Manson students, the MBC plans to grow its committee base significantly in the 2025-26 school year. MBC also plans to host its first major fundraiser in spring 2026 and establish a library of Manson memorabilia. The Board is contemplating a back to school newsletter and a fundraiser specifically to expand the scholarship. As we look ahead, we are inspired to continue shaping the future of the MBS through, collaboration, and a steadfast commitment to excellence.

Mission

Our Mission

The Manson Booster Club’s mission is to foster a vibrant and supportive community that champions the educational, athletic and personal growth of our youth. We believe that when kids are connected to their school and feel supported, their performance flourishes and their prospects for success in life are greatly enhanced. To that end, we are committed to providing the resources, encouragement, and opportunities necessary to help students thrive academically, athletically, socially, and emotionally.

Donor and Sponsor Recognition

Our members make everything we do possible and we are eternally grateful for their support of our mission and programs. The majority of members joined in Fall 2024. Fall is clearly a natural onboarding period and we will have another membership drive this Fall.

TOP DONORS

Membership

- Elona Teague
- Teresa Hambelton
- Kevin Cameron
- Cappy Peterson
- Stephen Chaney

Booster Club

- Cafe Myth
- Blu Water Homes
- Chelan Valley Farms
- Lake Chelan Building Supply
- Lakeside Surf
- Colville Tribe Mill Bay Casino
- England Chiropractic.

Year In Review

Performance Highlights

Membership Growth : MBC successfully onboarded 57 members and 30 banner club members in it’s first year of opertion.

Revenue Growth : The members translate to $9,090 in member revenue and $ 9,510 in banner club revenue for a combined revenue of $18,600

Achievements and Reflection

Our individual membership goal for 2024-25 was 100 members and our goal for 2025-26 will remain the same. Despite falling short of the member goal, we reached our target member revenue due to higher membership levels than anticipated. In 2025 we will have a membership drive. We hit our banner club member goal and target revenue but will work to retain current banner members and expand membership with a field and lower school fence push this summer and fall. We will host a fundraiser in the 2025–26 school year and are tentatively planning to host a Golf Scramble memorial weekend.
